

# Performance Complete

Performance Complete provides all the nutrients to ensure your horse performs at its best.

## Performance Complete

Performance Complete is a complete feed for horses in training. It provides all the nutrients to ensure your horse performs at its best.

Performance Complete, as the name states can be fed as a complete feed where no additional feed is required or added to additional roughage such as pasture, chaff and or hay. Performance Complete contains a high fibre content which is ideal in drought conditions when hay, pasture and chaff is expensive and hard to source.

## Ingredients

Lucern and Oaten Chaff, Steam Flaked Oats, Barley, Maize and Lupins, Sunflower Seeds, Calcium Carbonate, Di Calcium Phosphate, Potassium Chloride, Magnesium Oxide, Salt, Mollogold, Omega enriched vegetable Oil, SCF Vitamin and Mineral Premix, Fructoogliosaccharides (FOS-Prebiotics) and Equiliser (an natural antacid for horses).

## Feeding Guide

- Introduce Performance Complete gradually over 7-10 days with your current feeds.
- Remember to match feed intake to workload.
- Reduce amount of Performance Complete on days off.
- Ensure you feed horses adequate roughage. (At least 5kg per day or 1% of B/W)
- Ensure your horse has access to fresh clean water.
- If horses are sweating excessively please add additional electrolytes.

Light Work	3-5kg per day
Pre-training	5-7kg per day
Full Work	7-10kg per day

### WARNING

This product, which contains added copper, should not be fed to sheep or related species that have a low tolerance level to copper.
