### Feeding Guide

- Introduce Eureka Pro-Balancer gradually over a 7 to 14 day period
- Feed in conjunction with good quality pasture, hay or chaff ensuring that your horse consumes adequate amounts of these roughage sources (at least 1% of bodyweight per day of roughage dry matter).
- Ensure your horse has access to fresh clean water.
- Fine tune the amount fed according to your horse's individual response using the table below as a guide.
